These OE-quality shoes with OE-approved Abex brake linings are available in 40 of the most popular applications and are manufactured with proprietary technology, preventing concavity and convexity after welding. Abex shoes are

ABEX BRAKE SHOES - BRAND INFORMATION INTRODUCTION

Abex, along with other brands and product lines of Cooper Industries, is acquired by global OE and aftermarket manufacturer Federal-Mogul Corporation. The purchase, which also includes the globally respected Wagner Brake brand for automotive applications, establishes Federal-Mogul as one of the world's largest manufacturers of vehicle friction products, both for OE customers and the replacement market.

Abex Brand Timeline & History - DRIV Heavy Duty Parts

Brakes. The Right Choice in Commercial-Grade Brake Products. Abex® manufactures medium and heavy-duty commercial-grade brake products, including high-endurance air and hydraulic disc brake pads, brake friction linings and complete lined brake shoe kits. Abex also offers reduced stopping distance (RSD) friction brake shoes that meet and/or exceed applicable federal safety standards.

Abex Commercial Vehicle Brakes | Federal-Mogul Motorparts

Abex Corporation was a friction products company that used asbestos in its products to make them resistant to heat and prevent fire. Asbestos is a mineral that is naturally resistant to heat and it was commonly added to friction products. Abex put asbestos into its brake shoes, brake pads and brake linings from 1926 through 1987.

Abex Corporation - Asbestos Products & Trust Fund Information

Abex® has a history of advancing brake technology backed by global R&D. Abex continues to engineer friction products for maximum braking power and minimum cost per mile. Now that's just what you would expect from one of the largest global friction manufactures: brake technology that's miles ahead.

Brakes. Brakes are serious business for heavy-duty trucks and busses, and you want to feel good about the parts stopping your rig when you need it. That's why all Alliance™ Parts brake drums, brake shoes & kits, spring brakes & chambers and more are designed to provide safe, dependable operation.

Brakes | Cross Reference | Alliance™ Parts

While brake shoes can be remanufactured (unlike brake pads) the price difference isn't that significant so it's typically better to go with new ones. Tips to make sure you're getting high quality brake shoes: Choose a trusted name: Brakes are not a system you want to skimp on or take a chance with an unknown brand.

Founded in 1928 in Portsmouth, Virginia as the American Brake Shoe and Foundry, Pneumo Abex produced asbestos-containing products until 1987. Gordon Bankhead worked with Pneumo Abex brake linings from 1965 to 1999 servicing and repairing vehicles at an Oakland, CA shipping company. He helped inspect, replace and grind asbestos-containing brakes.
