Globalisation And The Roman World

This book explores a new perspective for understanding the Roman world, using connectivity as a major point of departure. Globalisation is apparent in increased flows of objects, people and ideas and in the creation of translocal consciousness in everyday life. Based on these criteria, there is a case for globalisation in the ancient Roman world.

Globalisation and the Roman World: World History ...

This book applies modern theories of globalisation to the ancient Roman world, creating new understandings of Roman archaeology and history. This is the first book to intensely scrutinise the subject through a team of international specialists studying a wide range of topics, including imperialism, economics, migration, urbanism and art.

By a.d. 200, there was a globalized Roman world of 2 million square miles, stretching from Hadrian's Wall to the Persian Gulf, and from the Rhine to the Atlas Mountains.

Globalization Bleeding | National Review

Mr O'Sullivan: Globalisation is already behind us. We should say goodbye to it and set our minds on the emerging multipolar world. This will be dominated by at least three large regions: America ...

Globalisation is dead and we need to invent a new world order

This book explores a new perspective for understanding the Roman world, using connectivity as a major point of departure. Globalisation is apparent in increased flows of objects, people and ideas and in the creation of translocal consciousness in everyday life. Based on these criteria, there is a case for globalisation in the ancient Roman world.

Globalisation and the Roman world : world history ...

Globalisation and the Roman World (2014), edited by myself and Miguel John Versluys (Leiden University), is a new book that examines the case for

understanding the ancient Roman world as one of the earliest examples of globalisation. This is a controversial project, not least because many Roman historians and archaeologists feel that the word globalisation is inappropriate to use when discussing the ancient world.

Globalisation and the Roman World - Imperial & Global Forum

to the Roman Empire, from the complex society of Great Zimbabwe to the astonishing Aztec markets of Mexico. Today's patterns of global exchange date back to the period of European colonialism that began in the late 15th century. Before then, most of the regions of the world were largely self-sufficient. But this changed over the next two to
