The Absent Superpower - Zeihan on Geopolitics

The title of Peter Zeihan's latest book, The Absent Superpower: The Shale Revolution and a World Without America, does an excellent job of summing up the two main themes running through the text. In Zeihan's mind, the growth of the shale industry in North America, and an American Foreign Policy that is slowly shifting away from its post-World War Two/Cold War footing, mean that the world is about to change in profound ways.

The Absent Superpower: The Shale Revolution and a World ...

The Absent Superpower : The Shale Revolution and a World Without Americaby Peter Zeihan. The world is changing in ways most of us find incomprehensible. Terrorism spills out of the Middle East into Europe. Russia, Iran, Saudi Arabia, China and Japan vie to see who can be most aggressive.

The Absent Superpower : The Shale Revolution and a World ...

The Absent Superpower Quotes Showing 1-1 of 1 "Geopolitics is ultimately the study of the balance between options and limitations. A country's geography determines in large part what vulnerabilities it faces and what tools it holds.

The Absent Superpower Quotes by Peter Zeihan

His latest book, The Absent Superpower brings this into focus. If I had to concisely describe it, I'd say that it was essentially the same content as his earlier book (The Accidental Superpower) with a long promo for the shale oil industry and a far less interesting narrator.

The Absent Superpower (Audiobook) by Peter Zeihan ...

Zeihan takes the story a step further in The Absent Superpower, mapping out the threats and opportunities as the world descends into Disorder-- Source other than Library of Congress. Introduction: The journey to the absent superpower -- Part 1. Shale new world.
