Psychodynamic therapy is the psychological interpretation of mental and emotional processes. Rooted in traditional psychoanalysis, it draws from object relations, ego psychology, and self psychology.

Core Principles of Psychodynamic Therapy Approach

In The Single-Session Counselling Primer: principles and practice, Windy Dryden outlines the why, what and how of single-session counselling and the evidence that supports it. He makes a powerful case for its wider availability alongside other forms of therapy. Where it is appropriate, focused, agreed and there is the possibility of further sessions (if need dictates), it can massively ...
