The United States In World

Founded in 2006 as the first series dedicated to histories of the US in the world, this series has played a key role in promoting transnational approaches to US history, bringing the United States more fully into global history, and broadening historians' understanding of US foreign relations. Taken together, books in this series highlight the operation, contestation, and transformation of US power across time and space.

United States - United States - World War II: After World War I most Americans concluded that participating in international affairs had been a mistake. They sought peace through isolation and throughout the 1920s advocated a policy of disarmament and nonintervention. As a result, relations with Latin-American nations improved substantially under Hoover, an anti-imperialist.
