World War II Infantry Tactics

These tactics were not unlike those used by the United States in Vietnam, or by the Germans against Soviet partisans in World War II. Conventional infantry tactics are generally modified before implementation in Mountain Warfare as the defending side generally has a decisive advantage over the attacking side by holding the heights and forcing the enemy to attack uphill against a fully prepared well entrenched position.

Infantry tactics - Wikipedia

Osprey's study of infantry tactics of the squads and platoons of World War II (1939-1945). Despite all technological advances, final mastery of any battlefield depends upon the tight-knit group of footsoldiers trained to manoeuvre, shoot and dig in. This first of
